Stocks

in the absence of definite or specific geelopments over the week end, the treme lassitude of the stock market ers stiributed to the reopening of Congress to-day. Indications that war appropriations by the nation's law making body are to assume record breaking proportions sufficed to limit

Trading centred around less than a cere of leaders in the railway and industrial groups. The latter were irregular, with occasional spells of readiness, but rails lagged, coalers and Pacifics yielding I to almost 2 points. New low records were made by St Paul preferred at 72%, and Union Pagific preferred at 70. Pennsylvania was freely offered in large lots down 10 45, repeating its recent minimum, and numerous other rails came within a fractional approach of their lowest quo-

Preminent steels, coppers and the more distinctive war issues reacted 1 to almost 3 points. Pullman dropped points and General Motors and Studebaker 112 to I points. Many hitherto active rails and equipments rewained unquoted throughout the ses-

The irregular strength of Marine preferred, Maxwell Motors, Central Leather and Harvester was traceable to the operations of pools. United States Steel registered a net loss of % of : peint, at 91%, and Bethlehem Steel "B" forfeited over 2 points, at 76%.

Bends were heavy on restricted dealings. Liberty 4s changed hands at \$7.70 to 97 82, and the 3%s at 98.90 to 99. Old issues of United States bonds were unchanged on call.

Cotton.

Reports of an easier Southern spot situation, which were followed by a good deal of liquidation, caused a sharp break in the cotton market here late yesterday. January contracts sold off to 28.92c, or 46 points below Saturday's final figures, and the general list undertone, despite prediction of larger.

Cottonsed Oil Futures. Sales yesterday were moderate. Complaints were again received in the Southwest, where the drouth has been of unusually long duration. Advices from abroad said that an easier feeling prevailed owing to the world's exports, which amounted to 7.093,000 bushels last year.

Cottonsed Oil Futures. Sales yesterday amounted to 8,100 barrels. Orders appeared to be quite evenly divided, and price clanges were narrow, the markel closing 5 points lower. Shorts were the principal buyers, although there was more or less buying which was credited to consuming interests, while the selling was largely in the way of liquidation for lower. Shorts were the principal buyers, although there was more or less buying winch was credited to consuming interests, while the selling was largely in the way of liquidation for less buying winch was credited to 7.093,000 bushels last year.

Corn. The market showed a steady undertone, despite prediction of larger

knitting machine needles.

"Previous to the war," Mr. Anderson ago. cessories of this sort used here were imported from the United States, and there was no difficulty in keeping the trade supplied with knitting needles.

Year the number of needles available from the United States has declined until sort; ago. the United States has declined until importers complain that they are now receiving not more than 10 per cent of their requirements. Some needles of inferior quality have been imported from Japan and a formard of the states and the United States has declined until importers complain that they are now receiving not more than 10 per cent of their requirements. Publishers Ask Receiver

Maine Streetcar Strike
LEWISTON, Me., Dec. 3.—Streetcar service in this city and Auburn was interrupted to-day by a strike of 150 motormen and conductors of the Lewiston, Augusta & Waterville Street Railway in protest against the installation of an automatic device for registering fares.

A voluntary petition in bankruptey was filed yesterday in the Federal Court by the American Press Association, of West Virginia, a subsidiary of the American Press Association of New York, its liabilities being \$1.154,782 and its assets about \$9,000. The directors of the corporation decided at a meeting at 225 West Thirty-ninth Street November 26, to ask for a receiver.
